Career Objectives:

I am looking for a career at a company that emphasizes safety and that will provide an opportunity for me to utilize my training that I have had in pipefitting, team building and as Team leader for 4 years at a steel tube mill.

Summary of Qualifications:

- I can operate a locomotive in manual or remote.
- I have practical knowledge in carpentry and pipefitting and the tools required to do the job.
- I was team leader of a crew of 7 for 4 years at a steel tube mill.
- I am proficient in all hand tools and power tools.
- I have completed a NCCER Core and level 1 and 2 Pipefitting curriculum.
- I am experienced in cutting torches and welding.
- I am 10 hour OSHA safety certified.

Work Experience:

- Tool Room attendant at B.L. Harbert from 09/2016 - 11/2016.
- Operator/Helper at Fairfield Southern Company 01/2006 – 08/2016.
- Self-employed with DDD Acquisitions 01/2005 – 12/2005
- Crane man then Team Leader at LTV Copperweld 01/1991 – 12/2004

Education:

- NCCER Level 2 Pipefitting at C.E.F.A.
- Associate Degree: Applied Science of Electrical Repair at N.E.C.
- High School Diploma at Walnut Grove High

Additional Qualifications:

- I work well with others, I need little Supervision.
- I am dedicated to working as safe and efficiently as I possibly can.
- I was OSHA certified on forklifts.
- I can operate almost any power tool.
