Secure a work as set lighting technician in film industry. Condor operator qualified.

EDUCATION

University of Florida, Gainesville, Florida

Bachelor of Science, Exercise Science 1998

EXPERIENCE

Set Lighting Technician

SuperCool films L.L.C.

02/24/19 - 04/04/19

Assisted in driving, operating and rigging condor and scissor lift with required lighting. Operated various lamps on set. Swapped 4ft. 3700 fluorescent T8 bulbs in 2x4 troffer fixtures in hallway, classroom & various stairwells with 5500 T8's, and back again. Prepared practical sodium vapor & metal halide fixtures for use, attaching whips for easy connection to stingers or receptacles. Assisted in unloading & loading electric truck, running out & wrapping up cables, stingers, distro boxes, stands & lamps etc.

Electrician Apprentice

ACE communication and electrical

March 2017 to Feb. 2019

Installed service entrance cable for mobile homes including pole, meter, panel. Dug trenches, mounted 2 inch pvc pulled wire, and terminated in lugs in indoor panel. Also ran A/C circuit including mounting disconnect for condensing unit. Trouble shot lighting and A/C circuits for various hotels off I-10 from Ocean Springs, MS. to Theodore, AL. Operated lift and repaired sign lighting at Comfort Inn in Saraland, AL.

Maintenance Man

St. Ignatius Church and School Sept.

2006 to Aug. 2013

Installed outdoor lighting running EMT conduit, wire & mounting new fixtures. Changed recessed can lighting in grid ceiling to 2X2 troffer fluorescent lighting. Upgraded two electrical panels. One change over, one guts only. Troubleshoot, repaired & set on timer, covered walkway lighting surrounding building exterior. Replaced electronic ballasts in 2 X4 troffer fixtures in multiple buildings. Troubleshoot, repaired, and added exterior lighting to very old building. Custom retrofit recessed lights in formal covered driveway area. Replaced bulbs & fixtures in parking lot lighting using one-man lift. Installed buck & boost transformer for well pump for athletic field sprinkler system. Located and replaced photocells for various sets of exterior lights on campus. Supplied temporary 20amp circuits from existing building panel for construction site on campus.

Electrician Helper

Tradesmen International, Inc.

Jan. 2003 to Dec.2003

In commercial & industrial environments, measured, cut, threaded & bent (90s) rigid conduit with electric, ratchet & hand benders. Mounted metal boxes, measured, cut, bent & mounted EMT conduit, assisted in laying 4 inch pvc pipe in 3-foot-deep trenches for lighting at a public athletic field in Fort Lauderdale, FL. Ran new circuits to various panels using EMT & stranded wire.

Electrician Helper

Sherman Electric Inc.

Jan-May 1993 Jan-Aug 1996

Ran wire in attics & under houses, fished new wire in walls, cut in new switch & outlet boxes. Unloaded & reloaded tools & materials. Set up for wire pulls, bent (90s) EMT conduit. 2X4 grid light fixture retrofit jobs for Citibank & 2 other 20+ story buildings in downtown Miami. Removed ballasts & T12 fluorescent bulbs, installed electronic ballasts, T8 bulbs & light amplification reflectors. Planned, prepared, & cleaned up new fixture parts, materials, and refuse after crew of 5 to 6 workers.
