OBJECTIVE

To utilize creative and managerial skills developed after 15 years in the TV industry to transition into a new career path.

RESPONSIBILITIES

- Oversee all aspects of current unscripted series from pre-production, production and post production
- Liaise between all internal departments to ensure a comprehensive understanding of creative and address production issues that arise
- Foster communication between internal departments and field teams to verify changes are reflected across both entities
- Create production schedules and deadlines to guarantee productions meet network delivery requirements
- Work with outside vendors to secure show elements such as graphics, voice over and staffing
- Coordinate with network executives to realize their artistic vision for projects, while managing creative expectations vs. budget limitations
- Manage cast during and after filming to maintain good relationships in order to assure the shows' brands and story points are being preserved
