

Debbie Starr

Professional Makeup Artist

A creative makeup artist with an extensive background in all aspects of media makeup: film, television, commercial and video.

Her vast training and education, along with her affable personality provides her clients with a dependable, detail-oriented and multi-faceted professional to add to the success of the creative team of any project, within the production budget and schedule, regardless of the nature, scope or location.

Debbie is skilled in doing period makeup research, how to read and breakdown a script to understand how the character's makeup will contribute to the storyline and how makeup is tracked to maintain scene continuity.

Her 17 years of experience allows an inherent understanding in tailoring makeup for different formats. She has the intrinsic capability to immediately comprehend how film will record an actor's features differently from video or HD. It is this depth of understanding that makes Debbie a valued member of any production crew.

Debbie's diverse background and experience creates a unique style accredited only to her and her artistic talent alone. She has the innate ability to bring out the natural beauty of her subject, no matter the gender, ethnicity or character portrayal.

Whether her responsibilities take her on location to a motion picture or television studio, video session, commercial project or to a photographic makeup shoot for a catalogue, Debbie displays her mastery for creating the right look, or a "flawless on film" look whether by artistry techniques, beautiful skin tones, breathtaking shading or coordinating exquisite colors always with the needs, goals and objectives of the project foremost in her presentation.

The Makeup Artist *and* Entrepreneur

Current :

Beauté From Earth (2006-present)—_Founder/CEO. All-natural volcanic ash face and body skincare system tightens the skin against facial bone structures, jaw line (turkey neck); relieves acne, blemishes; softens calluses, rough elbows, knees and heels; relieves pain of burns and itching of many skin conditions such as psoriasis, eczema and seborrhea; reduces large pores and alleviates age spots and skin discoloration. Our volcanic ash masque works at the subcutaneous level of the skin to tighten skin against facial bone structures, immediately improving fine lines, crow's feet leaving skin ten years younger and healthier. After treatment, the skin is sealed with our moisturizer comprised of certified organic virgin centrifuged coconut oil, a natural antifungal, antibacterial. Our simple 2-step skincare system is sold online and through Distributors in brick and mortar locations for wholesale and retail distribution throughout the US. "Earth" products are available through our website for wholesale/retail and through our vendors for retail sale. As a business owner, I handle day-to-day business applications such as accounting, filing, payroll, personnel management, inventory control, writing and implementing business policies, customer relations, and creating and implementing advertising campaigns. Motivational speaking and sales play a major role in my daily activities. Without sales experience and knowledge, "Earth" would still be just an idea. Beauté From Earth skincare line gives anyone the tools to have "Beautiful Skin...Naturally". www.beautyfromearth.net
